Education

DIT University, B.Tech. in Computer Science and Engineering CGPA: 8.06	2021 – 2025
St Jude's School, Senior Secondary 81.40%	2020 - 2021

Internships

WIK TECHNOLOGIES | SDE Intern , Remote March – Aug 2024

- Developed responsive UI components using React and Tailwind CSS , ensuring a consistent design.
- Enhanced website performance by optimizing code, and applying best practices for efficient rendering.
- Engineered reusable and modular components to streamline development processes and maintain consistency.

Skills

- **Languages:** Java Core , JavaScript , HTML , CSS
- **Libraries and Framework:** React , Node , Express , Tailwind CSS
- **Dev Tools:** Git/GitHub , VsCode , Vercel
- **Database:** MongoDB

Projects

Super-Pod , A podcast streaming web app <https://super-pod.vercel.app/>

- Built a responsive, interactive podcast streaming platform with MongoDB, React.js, Node.js, Express.js.
- Managed global state and data flow with Redux, ensuring consistent user experience across the app.
- Implemented secure authentication and authorization with JWT, custom middleware.
- Integrated Cloudinary for efficient uploads, allowing users to upload and manage media files seamlessly.
- Designed and built RESTful APIs to handle backend operations, ensuring smooth data interaction.

Pro-To-Type , A typing-test web app <https://pro-to-type.vercel.app/>

- Developed a multimode typing test website with the ability to save results for better analytics.
- Integrated firebase authentication for user sign-up/login flows and Firestore for storing test data.
- Utilized React hooks and Context API to implement functionalities like dynamic themes and test modes.
- Designed an interactive dashboard with visual charts to display user speed/accuracy trends over time.

Temp-View, A minimal weather web app <https://temp-view.vercel.app/>

- Developed a weather web app leveraging React and Tailwind CSS.
- Integrated OpenWeather and Rapid API to provide a 7-day forecast with real-time updates and weather icons.
- Designed a responsive, modern UI including light/dark mode for enhanced user experience.

Certifications

Introduction To Software Engineering - IBM Coursera

Covered SDLC, software development tools, architectures, and design patterns
